Convention International is a leading German-language trade journal in the MICE sector. For 35 years, we have been producing high-quality editorial and identifying out trends, developments and shifts in the industry and presenting them to our readers in the most relevant way. Our target audience are decision-makers and corporate event planners, who we support, and inspire a little, every day.

We report on the industry issues that drive and occupy the sector, and on individual venues and events that have something unique. Furthermore, our focus has always been on destinations, and the opportunities they offer the industry. We consider in-depth local research to be vitally important in presenting our partners in their best light. Because we believe an equal partnership is essential, and from us, that demands: contact, communication, creativity.

... which is achieved only through personal exploration, experience and empathy.

In addition to our print magazine, we naturally offer our partners the marketing mix that is essential today. Our partners benefit from our professional website at www.convention-net.de, our presence across all social media channels, as well as our magazine's own app.

These different approaches create increasing opportunities, which we are happy to explore and exploit with our partners in line with their individual requirements.
